RE: Drilling Notification

Dear Ms. Thompson:

Please be advised that I have filed two drilling intents with the Kansas Corporation Commission (KCC) which allows me to begin developing your property for oil and/or gas as we have discussed in the past. These two wells are located closer than 660' to your domestic water well which requires me to notify you to this fact. Both of these wells fall approximately 500' from your water well. With the rules and drilling requirements implemented by the KCC I can assure you that your water well will not be impacted in any negative way.

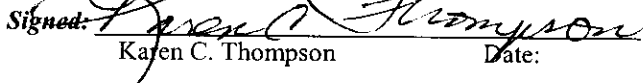

Thank you.

Sincerely,

Joe Thomas

I, Thompson acknowledge receipt of this letter/notification.
