Describe in detail the manner in which the well was plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hold. If cement or other plugs were used, state the character of same and depth placed, from feet to feet for each plug set.

The hole was filled with heavy mud and a plug set at 275 feet was cemented with 15 sacks of cement which was put in thru the drill pipe. The hole was then filled with mud to 26 feet where another plug was set and the hole filled to the top with cement.
