RE: Miller #1, NW-NE-NW Sec. 27, T29S,
R21W, Graham County, Kansas.

Dear Mr. Darrah:

It has come to the attention of the Commission that you did not follow the proper procedure with regard to the plugging of the Miller #1 well.

The plugging report filed by Murfin Drilling Company indicates that an agent of the Commission did not supervise the plugging of the well but rather that you gave plugging instructions. This action is in clear violation of K.S.A. 1980 Supp. 55-128 and K.A.R. 82-2-302. All plugging is to be done with the approval of the Commission's representative and under the supervision of same. Failure to comply with the law and the regulations of the Commission could result in criminal charges and restrictions on future drilling activity for both you and the drilling company involved.

The Commission attempts to aid the operators of this state in every way possible while fulfilling its statutory obligations. Cooperation of the operators is expected.

Sincerely,

A handwritten signature in cursive script, appearing to read "Patricia A. Gorham".
