#### In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
- 3. The distance to the nearest lease or unit boundary line (in footage).
- If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).

#### **AFFIDAVIT**

WHEREUPON, on the date set out below, did come the undersigned Affiant, BRUCE A. VOLLERTSEN, before the undersigned Notary Public in and for the County of Harris, State of Texas and then did under oath state, declare, aver and affy that:

- (1) He is employed by OXY USA Inc. ("OXY"), 5 E. Greenway Plaza, Suite 110, Houston, Texas, 77046, as a Landman on its Mid-Continent / Hugoton Asset Team.
- (2) Further, pursuant to Subparagraph I(2) of the Basic Integrated Proration Order for the Hugoton Gas Field and the Panoma Council Grove Gas Field, OXY intends to form an alternate tract unit ("ATU") on which to drill a single alternate tract unit well to produce additional gas reserves from the Hugoton and/or Panoma Fields. The OXY Warner FR 4-4 shall consist of the following lands:

<u>Township 31 South Range 33 West</u> SW/4 Section 4, SE/4 Section 5, NE/4 Section 8, NW/4 Section 9 Seward County, Kansas

(3) Further, in compliance with said Order, OXY has obtained the agreement of all known working interests (of which OXY is 100% owner) and all known royalty interests in the unitized sections that are to contribute acreage to said ATU. Agreement of all such known royalty interest owners is evidenced by individual written consents that legally describe the location of the ATU and participating unitized sections, states that the interest holder will be entitled to a certain percentage of proceeds of production expected from the ATU proportionate to the respective interest held in the existing unitized sections, and requests that said interest holder sign said form before a notary public and return same to OXY to consent formation of said ATU for the drilling of a single ATU well thereon. Copies of such written consents are on file at the captioned address, and will be forwarded to the Commission upon its request.

Further Affiant sayeth not.
