July 9, 2008

ATTENTION: Ms. Maggie Marcotte

Enclosed are originals of plugging applications for the John J. Darrah Vacek "B" #'s 1 & 5 we discussed last week. It appears that you got two "practice" copies.

The #5 is on the "B" lease although the "B" was not shown on the card nor on some other paperwork in Darrah's files. This well was originally shown as approximate center of E/2 NE NE which, in a regular section, would be 660 FNL & 330 FEL. The location you have is 825 FNL & 495 FEL. I used your description on these forms with footage I found which is probably close. I will check a GPS location when in the area.

I apologize for our errors.

If you have questions just call.

WICHITA, KS 67202-2024

July 14, 2008

Re: VACEK B #1
API 15-053-00630-00-00
5-16S-10W, 4290 FSL 1170 FEL
ELLSWORTH COUNTY, KANSAS

Dear Operator:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. **Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.**

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

This notice is void after January 10, 2009. The CP-1 filing does not bring the above well into compliance with K.A.R. 82-3-111 with regard to the Commission's temporary abandonment requirements.

Sincerely,

Steve Bond
Production Department Supervisor

District: #2
