RE: API # 163-22,885 Well # 2 Legal 2310 FSL 2310 FEL Cty. Rooks
Sec. 5 Twp. 10 S Rge. 16 W

The Oil and Gas Advisory Committee and the Kansas Corporation Commission recently approved a procedure to allow for the tagging of cement plugs in D & A wells K.A.R. 82-3-114(j).

The field staff will be contacting you or your representative if the above well is selected for tagging. If your well is selected one of our field representatives will witness the entire operation.

The Commission will pay for the cost of rig time accumulated while waiting on cement to harden to allow tagging, and the operator should pay for the rig time if additional cementing is required, including the cost of additional cement.
