Re: #4 Lacerte 'D'

Mr. H. A. Beverlin
State Corporation Commission of Kansas
Conservation Division
500 Insurance Building
212 North Market
Wichita 2, Kansas

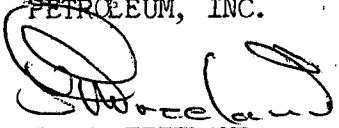

Dear Mr. Beverlin:

Mr. Thomas Waggoner of our Production Department informed me that you called to his attention the fact that we had not filed a "Notice of Intention to Drill" in connection with the drilling of our Lacerte 'D' #4 well. We apologize for this oversight and for completion of your records we enclose a completed "Notice of Intention to Drill" for this well.

The Lacerte 'D' #4 was commenced on December 18, 1964 and as you can see this was very near the end of the year and came at a time when we were burdened with the added duties of closing out our year's business. Although this in itself is no excuse for failing to file the "Notice of Intention to Drill", I am sure you understand that normal office routine is somewhat disrupted at such times and makes it possible for errors such as this to occur.

Mr. Waggoner informed me that you were very understanding in this matter and we certainly appreciate this attitude on your part. Once again I would like to apologize for failing to have the "Notice of Intention to Drill" prepared on time, and to thank you for calling this matter to our attention.

Yours very truly,

PETROLEUM, INC.
