Describe in detail the manner in which the well was plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hold. If cement or other plugs were used, state the character of same and depth placed, from..... feet to..... feet for each plug set.

This well was plugged by Liggett Oil Company but we believe it was not plugged right as the Dakota water is coming in on the Stewart #2 and we do not know where it is coming from, so we decided that the #1 Stewart was not plugged right, so I am having it plugged again as I bought htis lease a year or so ago.
