KANSAS CORPORATION COMMISSION

Date of closure: March 26, 2009

Was an artificial liner used? Yes No

MAY 04 2009
RECEIVED

If no, how were the sides and bottom sealed to prevent downward migration of the pit contents?

The fresh water pit was lined, the drilling pit was a native clay mixture, which did not allow for downward migration of contents.

Abandonment procedure of pit:

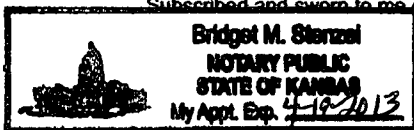

Water was allowed to evaporate and the pits were backfilled by Hertel Contract Pumping, L.L.C.; Owner James Hertel; 2156 Mount Pleasant Road; P.O. Box 61; Victoria, KS 67671-0061; March 26, 2009; Inv. #3171

The undersigned hereby certifies that he / she is President for K. & B. Norton Oil & Investments, L.L.C. (Co.), a duly authorized agent, that all information shown hereon is true and correct to the best of his / her knowledge and belief.
