RE: Alternate II Completion
FIRST NOTICE

SPUD DATE: May 13, 1992
EXP DATE: September 13, 1992

The KCC District #4 Office, Hays, wants to remind you that the expiration date listed above is the deadline for your Alternate II cementing requirement on the lease captioned above.

Please notify the District #4 Office at least 24 hours in advance of the time and date the Alternate II cementing is to be started, so it can be witnessed by the KCC field staff.

The Kansas Corporation Commission issued an order on March 29, 1985, Docket #34,780C (C-1825) supplementing K.A.R. 82-3-106, which requires the following:

1. The Alternate II cementing (top stage) be performed within 120 days of the well's spud date.
2. The order specifically requires a blend of Portland Cement to be used in the Alternate II cementing (top stage).
3. The cement is to be placed at a minimum of fifty feet (50) below all usable water formation and circulated to the surface; in District #4, fifty (50) feet below the base of the Dakota Fm.

Should you have any further questions you may contact me by writing the KCC District #4 Office, 2301 East 13th Street, Hays, Kansas 67601 or call (913-628-1200).

Sincerely,

Marion Schmidt
Alternate II Coordinator

Alternate II Completion
Second Notice

SPUD DATE: May 13, 1992
EXP DATE: September 13, 1992

Our records indicate that the deadline or expiration date, listed above, for Alternate II Cementing of the above captioned well is very near.

Please notify the District #4 Office at least 24 hours in advance of the time and date the Alternate II Cementing is to be started, so it can be witnessed by the K.C.C. staff.

The Kansas Corporation Commission issued an order on March 29, 1985, Docket #34,780C (C-1825) supplementing K.A.R. 82-3-106, which requires the following.

- 1.) The Alternate II Cementing (top stage) be performed within 120 days of the well's spud date.
- 2.) The order specifically requires a blend of Portland Cement to be used in the Alternate II Cementing (top stage).
- 3.) The cement is to be placed at a minimum of fifty feet (50) below all usable water and circulated to the surface. Fifty feet (50) in Dist.# 4 is fifty feet (50) below the base of the Dakota Fm.

Should you have any further questions you can contact me by writing K.C.C. District #4 Office, 2301 East 13th Street, Hays, Kansas 67601 or by calling (913)628-1200.

Sincerely,

Marlon G. Schmidt

Re: Alternate II Extension
Schroeder #1-26
Ness County, Kansas
Gove

Dear Jim:

This letter is written to inform you that you have been granted a sixty (60) day extension of time to complete Alternate II cementing on the above-described well.

Your original 120 days for completion expired September 13, 1992. Thus, this extension will expire on November 13, 1992. I urge you to make every effort to complete the cementing within this time frame. Extension of this time frame, pursuant to K.A.R. 82-3-106, automatically extends the time period for filing the ACO-1, pursuant to K.A.R. 82-3-130. Before completing the cementing of this well, please contact the Hays District Office at (913) 628-1200.

If you have any questions in this regard, please do not hesitate to contact me.

Very sincerely yours,

William R. Bryson, Director
Conservation Division

RE: Alternate II Cementing Requirements Extension
Schroeder # 1-26 A.P.I. 15-063-21,434
C SW NW 26-11-31 Gove County, Kansas

Dear Mr. Devlin:

The KCC District #4 Hays Office wants to remind you that the expiration date for your extension, November 13, 1992 is the deadline for your Alternate II cementing requirements on the lease captioned above.

Please notify the KCC District #4 Office at least 24 hours in advance of the time and date the Alternate II cementing is to be started so the procedure can be witnessed by the KCC field staff.

Should you have any further questions, you may contact me by writing the KCC District #4 Office at 2310 East 13th Street, Hays, Kansas 67601 or by calling 628-1200.

Sincerely,

Marlon J. Schmidt

Re: Alternate II Cementing Requirements:
Schroeder 1-26 - A.P.I. 15-063-21,434
C SW NW/4 26-11-31 - Gove County, Kansas

Dear Mr. Devlin:

According to our records it has been determined that you are in violation of the General Rules and Regulations set forth by the Kansas Corporation Commission. The Kansas Corporation Commission issued an order March 29, 1985. Docket #34.780C (C-1825) supplementing K.A.R. 82-3-106, which requires that the Alternate II cementing be performed within 120 days of the well's spud date, before or on the expiration date of the extension date. As stated in the affidavit of the drilling intent, in all cases notify the District Office prior to any Alternate II cementing.

Specifically, the lease is in Violation of K.A.R. (82-3-106) (c) (2) (B) (i) failure to complete the Alternate II cementing requirement.

This matter is being referred to our compliance officer for further review and any action deemed necessary.

Should you have any further questions, you may reach us by writing Kansas Corporation Commission, District #4, 2301 E. 13th Street, Hays, Kansas 67601 or by calling 913-628-1200.

Sincerely,

Marion J. Schmidt

RE: Schroeder #1
Gove County, KS

Dear Don:

We plan on performing the upper stage cementing on the Schroeder #1 lease as soon as possible. At this point our intentions are to do this work on November 27th, weather permitting.

If you have any questions, please give me a call.

Best Regards,
