Docket No./API No.: D 26497		County: Barton	
Comments: <p>When the well was finished the drilling contractor hauled 240 bbls of heavy fresh water mud to their next location. We had some problems hauling the free water because of all the rain received in June and July. We hauled all the free water possible off the top of the reserve pit and all the completion fluids out of the swab tank. No completion fluids were put in the pits.</p>
