Dear Sir:

I am writing regarding a well in Rooks Co on SE 1/4 - B4-10-19. This well has been out of production since a year ago in March. A certificate of non-production has been filed on the well. They have moved out all the equipment, but have done nothing in closing the well or a salt water pit which was used until the well was shut down.

The lease was originally owned by Richard Funderis of Stockton, Kansas. He sold some interest to Don Pratt of Hays, Kansas. I have not been able to get anything but promises since the well was shut down, so I would appreciate any help or information you can give me. Please advise

Sincerely

August Schonthal
