Describe in detail the manner in which the well is plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hole. If cement or other plugs were used, state the character of same depth placed from (bottom), to (top) for each plug set.

Ran open 1 inch pipe to top of perforations, place 200'ft of portland cement slurry there, (5 Sacks). Pulled out string to 350' from surface and ran 10 more sack of Cement slurry till it came to the surface.
