RECEIVED  
DEC 16 2009  
KCC WICHITA

Gentlemen;

On the 4th of December 2009 we filed two Closure of Surface Pit forms with the KCC (copies attached) on the above referenced wells. Those forms indicated the surface pits were closed on that date. Those reports are in error. We were advised today by the field bulldozer crew, and verified by our own people, those pits have not been closed. We wanted to advise the KCC of this fact, cancel those filings and we will file an Amended Closure of Pit when the pits are indeed finally closed.

We apologise to the KCC for this mistake and trust this letter will suffice to give us the opportunity to close these pits by the end of the year and file a corrected and amended CDP-4. Thank you for your consideration.

Regards,  
METRO ENERGY GROUP, INC.
