Re: Closure of Drilling Pits
Ochs #3, API No. 1518523550 - 00-00

Dear Kathy,

Anderson Energy hereby requests an extension of six months time in which to close the drilling pits on the above referenced lease. As you know, this year has been extraordinarily wet and this part of Stafford County has been under water a good amount of the time. The area of the Rattlesnake Creek is very sandy and experiences underflow of surface water, rendering roads impassable and pits standing full. We will close these pits as soon as is practicable. Thank-you for your help.

Very truly yours,

Bill Anderson
