RE: LEASE: DOVE 1
LEGAL: 1650'FNL-990'FWL 30-23S-13W
COUNTY: STAFFORD
API NO: 15185235110000

Dear Mr. Williamson:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Dove 1 well.

The original 365 days for closure expired March 19, 2009. This extension will expire March 3, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

RE: Closure of Surface Pits
Dove #1 Well
API151-8523511-0000
NE SW NW
Section 30 - 23 S -13 W
Stafford Co., Kansas

Dear Jonelle:

As per your request during our phone conversation this letter is to inform you that the drilling pits are not closed and we are requesting an extension of time for 6 months.

The Dove Lease pits are still wet and more drying time is needed before continuing the pit closure and surface restoration work. So far we have spent 35 hours and \$4,855.00 on the lease restoration. Drilling site has been leveled and pits have been crowded and slotted on three sides. Theis Dozer Service, Inc. of Kingman, Kansas is our dirt work contractor. It is important that pits be dry before filling and the rains just keeps coming – 3.7 inches on 8/19/09 in this area.

We will continue to diligently work on the closure of these pits.

Sincerely,

Jerry W. Williamson
Owner
