Dear Mr. Williamson:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Bartlett 1 well.

The original 365 days for closure expired February 28, 2009. This extension will expire September 8, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis  
Director

Hi Steve, Hope you're enjoying this nice Spring weather and I hope it stays for a while. I received letters from J. W. Williamson Oil Co. requesting additional extensions for two wells, both of which are in Stafford County. The wells are as follows:

Bartlett 1  
1650'FSL-1650'FEL 24-23S-14W  
15185235140000  
Spud 2/28/08 pit extension expired 3/3/10

Dove 1  
1650'FNL-990'FWL 30-23S-13W  
15185235110000  
Spud 3/19/08 pit extension expired 3/3/10

That's all I have for you Steve. Have a good weekend.  
Sammy

Dear Jonelle:

As per your request during our phone conversation, this letter is to inform you that the drilling pits are not closed and we are requesting an extension of time for 6 months. We feel that this additional time is needed to get through the summer, which should finish drying this location.

The Bartlett Lease pits are still too wet for full closer. Drilling site has been leveled and pits have been crowded and slotted on three sides. This Dozer Service, Inc. of Kingman, Kansas is our dirt work contractor and they have been paid in full for this restoration work.

We will continue to diligently work on the closure of these pits.

Sincerely,

Jerry W. Williamson  
Owner
