RE: LEASE: CLARKSON 41 6
LEGAL: 800'FNL-400'FWL 27-33S-15E
COUNTY: MONTGOMERY
API NO: 15125314470000

Dear Mr. Wilson:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Clarkson 41 6 well.

The original 365 days for closure expired December 6, 2008. This extension will expire August 21, 2009. **This will be the final extension issued for these pits.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

Spud 12/6/09 Pit extension expired 2/5/09

*4/21/09
Just extension
give 120 days
10 minutes called
will send field report.*

KANSAS CORPORATION COMMISSION

April 13, 2008

APR 16 2008
RECEIVED

To whom it may concern:

I am asking for an extension on the Clarkson 41 lease, well # 6 pit permit. This is my second request for an extension, but due to the current oil and gas markets we are slowly completing this well. We need the pit open for another 3 months due to the fact that we have to rework the well again. I have fractured the well once and it will continue to need more work.

This is greatly appreciated, Thank you, Jordan Wilson
