COUNTY: BARBER
API NO: 15007208090001

Dear Ms. Maxfield:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Osage 142 SWD well.

The original 365 days for closure expired September 10, 2009. This extension will expire June 5, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis

RE: Osage No. 142 SWD Pit Closure

Dear Ms. Rains:

I am writing to request an extension of the pit closure time for the Osage No. 142 SWD, API 15-007-20809-0001. We are still unable to close the pits at this location due to the amount of moisture received over the fall and winter. Osage would appreciate KCC granting us an additional 120 days to close these pits.

Please call me at 620.664.9622 if you require additional information.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brooke Maxfield', written over a faint, larger version of the same signature.

Subject: additional pit extensions

Hi Steve. Hope your New Year was happy and that it continues throughout the coming year.

Well, I've got some pit extension requests for you. The wells are as follows:

TGT Petroleum Corporation
Vicki 3
1440'FSL-1610'FWL 26-27S-19W
Kiowa County
15097216280000
Spud 2/12/08 pit extension expired 1/09/10

Osage Resources
Osage No. 142 SWD
3490'FSL-4810'FEL 12-23S-15W
Barber County
1507208090001 007 208090001
Spud 9/10/08 pit extension expired 9/1/09

Both operators claim too wet conditions to close the pits.

Let me know what you think. Thanks Steve.
