RE: LEASE: ALLENBOUGH-JME 1-27
LEGAL: 2540'FNL-650'FEL 27-16S-16W
COUNTY: RUSH
API NO: 15165218360000

Dear Ms. Taylor:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Allenbough-JME 1-27 well.

The original 365 days for closure expired September 15, 2009. This extension will expire June 30, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis

RE: CDP-4 Extensions

Dear Jonelle,

This letter is in regards to reserve pit closures that are under Samuel Gary Jr. & Associates, Inc. Unfortunately snow and ice over the past few months, we have been unable to dry out and close reserve pits by their due dates. Our field workers are making every effort to close these reserve pits as soon as possible, and it does appear that they are slowly drying, but we will need more time to close these pits and file a CDP-4. Therefore, we hereby request another extension to close & file CDP-4's for the following wells:

Allenbough-JME 1-27

#15-165-21836-0000

If there are any questions, or if you need any additional information, please contact Tom Fertal at the telephone number shown on the letterhead.

Sincerely,

SAMUEL GARY JR. & ASSOCIATES, INC.

Subject: RE: additional pit extension

The Best to you in the coming year. Give Gary another 6 months. Lots of rain and snow up there. SD

Subject: additional pit extension

Hi Steve, are you ready for New Year's? My hubby and I are going out to dinner right after work and try to beat the crowds. Tonight's the night when the amateur drunks reign and I don't want to be on the road. I'm too old for that garbage anyway. I imagine the fellow across the way on the ridge will set off his usual 1/2 hour of booming fireworks. I told Richard last year to get me his deer rifle I wanted to do a little target practice. Well he got upset and wouldn't give it to me. I guess he thought I was being a bit severe but I really don't like being woke up and kept awake. Those things rattle the windows. I don't know where he gets them. Anyway, I intend to sleep in the new year. Oh well, so much for old age.

Well, I got a request from Samuel Gary Jr. & Associates Inc. requesting an additional extension. The well is as follows:

Allenbough-JME 1-27
2540'FNL-650'FEL 27-16S-16W
Rush County
15165218360000
spud 9/15/08 pit extension expired 12/15/09

That's all I've got for you Steve. Have a good evening and a great New Year.
Sammy
