Dear Ms. Ford:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Wenrich A 21 well.

The original 365 days for closure expired July 1, 2009. This extension will expire June 4, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis  
Director

RE: Closure Extension of Drilling Pits  
Wenrich A Lease Well No. #21  
E2 NW NE NW Sec. 23-32S-2E  
Sumner Co., Kansas  
API No. 15-191-22537

Dear Ms. Rains:

The above referenced well was spudded on 7-1-08. According to K.A.R. 82-3-602, the subject drilling pits must be closed by 7-1-09.

This letter is to file for an extension of the above rule.

Date of location inspection by agents: 12-18-09

Reason for extension: Ground is still soft for heavy equipment to effective work. Pit is full of standing water. Water has been hauled out on several occasions.

Estimated period of time until pit closure: 6-22-10

Your attention to this matter is appreciated.

Sincerely,

Kathy Ford  
Engineering Technician

Hi Steve. Are you ready to ring in the New Year? Perhaps you are like me and will most likely sleep it in. All the amateur drunks will be out tonight and I don't want to tangle with them. Richard is going to meet me right after work for dinner and hopefully we can beat the rush.

Well, I have a request for an additional extension from Lario Oil & Gas Company. The well is as follows:

Wenrich A 21  
430'FNL-1745'FWL 23-32S-02E  
Sumner County  
15191225370000  
Spud 7/1/08 pit extension expired 12/22/09

Let me know what you think on this one. Have a great evening and a grander New Year. Thanks for your help.  
Sammy
