RE: LEASE: UNRUH 1-3
LEGAL: 990'FNL-924'FWL 03-31S-18W
COUNTY: COMANCHE
API NO: 15033215220000

Dear Mr. Hammersmith:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Unruh 1-3 well.

The original 365 days for closure expired May 31, 2009. This extension will expire January 28, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

RE: Pit Closure Extension

Dear Sir or Madam:

At this time we would like to file for an additional extension of time for the following well:

API NO: 15033215220000
WELL: Unruh 1-3
LOCATION: 3-31-18W
COUNTY: Comanche

Reason for extension: Water remains in the surface pits due to extreme amounts of rainfall. Dirt work was previously completed to channel as much surface moisture away from the pits as possible. The pit was totally emptied and before dirt work could be completed there were extensive rains.

Estimated period of time until pit closure: With dry weather, 30-60 days

Sincerely,
H&B Petroleum Corporation

Al Hammersmith
Vice President

Enclosure: July 10, 2009 Letter of Extension
