RE: LEASE: OSAGE 120
LEGAL: 1815'FNL-1920'FEL 19-33S-14W
COUNTY: BARBER
API NO: 15007232860000

Dear Ms. Maxfield:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Osage 120 well.

The original 365 days for closure expired May 24, 2009. This extension will expire March 23, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

RE: Osage No. 120 Pit Closures

Dear Ms. Rains:

I am writing to request an extension of the pit closure time for the Osage No. 120, API 15-007-23286. We were close to being able to close these pits but the area received a large amount of rain over the past couple weeks and the pits are now full of water again. Osage would appreciate KCC granting us an additional 120 days to close these pits.

Please call me at 620.664.9622 if you require additional information.

Sincerely,

A handwritten signature in black ink that reads 'Brooke Maxfield'.
