RE: LEASE: FORD 1-21
LEGAL: 400'FSL-780'FEL 21-21S-14W
COUNTY: STAFFORD
API NO: 15185233910000

Dear Ms. Mpanje:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Ford 1-21 well.

The original 365 days for closure expired September 26, 2007. This extension will expire March 14, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

A handwritten signature in black ink that reads "Doug Louis". The signature is written in a cursive style with a large, looped "D" and "L".

Re: Closure of drilling pits for Ford 1-21; Sec. 21-T21S-14W, Stafford County

Dear Sammy,

The drilling pits associated with the Ford #1-21 were inspected on September 8, 2009 and were found to be too wet to be closed at this time. We therefore seek a six months extension to close the pits.

Yours truly,

Loveness Mpanje
Petroleum Geologist
