COUNTY: HARPER  
API NO: 15077216120000

Dear Ms. Davis:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Burkholder 2-21 well.

The original 365 days for closure expired Burkholder 2-21. This extension will expire April 22, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

  
Doug Louis  
Director

Well, Steve, Someone left the North gate open and it not only blew in miserable weather it blew in a slew of pit extension requests from American Warrior. I'm sorry to do this to you but my job demands it. Anyway, I hope you are holed up somewhere warm today. This is not good weather to be out in. I guess Winter had to hit sometime. Oh well.

Okay, these wells are all American Warriors and the first one is in Sumner county
