RE: LEASE: SKAGGS 3
LEGAL: 660'FNL-660'FWL 12-33S-02W
COUNTY: SUMNER
API NO: 15191013890001

Dear Mr. Hewitt:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Skaggs 3 well.

The original 365 days for closure expired December 14, 2007. This extension will expire January 5, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

A handwritten signature in black ink that reads "Doug Louis".

RE: Filling pits on the Skaggs #3, HEG Wyckoff #12-2, HEG Whitten #12-2

Dear Mr. Klock,

As per our phone conversation I am writing you to formally request an extension on filling the pits on the Skaggs #3, HEG Wyckoff #12-2, HEG Whitten #12-2. Due to recent weather the pits cannot be completed as quickly as we expected. The pits are currently being pumped and will be closed properly within the 60 day extension.

Thank you,

A handwritten signature in black ink, appearing to read 'D. Hewitt Jr.', written over the typed name.

Doug Hewitt Jr.

Subject: Request for pit extension

Jonelle,

Here is the request I spoke to you about from Hewitt Energy. Due to the 1.5" of rain the area received last Thursday I agree that the 60 day extension should be granted. They were fined for not closing the drilling pit for the Skaggs #3. I'm sure they will keep the 60 days on their calendar since I just let them start production back up after shutting them down. I shut them down for failing to pay financial assurance for their license, failing to pay a \$250 penalty, failing to plug the Skaggs #3, and failing to close the pit on the Skaggs #3. The \$250 penalty and plugging the Skaggs #3 was by Commission Order.

Jeff
