RE: LEASE: MEYERS 10-25  
LEGAL: 1760'FSL-1220'FEL 25-32S-17E  
COUNTY: LABETTE  
API NO: 15099244460000

Dear Ms. Stotler:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Meyers 10-25 well.

The original 365 days for closure expired August 21, 2009. This extension will expire January 2, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis  
Director

**Subject:** additional pit extension

Steve, I received a letter from Colt Energy Inc. seeking an additional extension. The well is as follows:

Meyers 10-25  
1760'FSL-1220'FEL 25-32S-17E  
Labette County  
15099244460000  
Spud 8/21/08 pit extension expired 10/21/09

The letter states the well was just completed about a week ago but due to the large amount of rain that they have received it is too wet to even get the equipment in to pump the water out. That's what they are telling us.

Hope all is well in God's country. I still like those rolling Chautauqua hills. They are really pretty. Well, let me know what to do about this extension request. Thanks.  
Sammy

NWSWNESE  
25-32-17E  
Labette County, KS  
API-15-099-24,446  
CDP-4

Dear Sammy:

Enclosed find a request for time extension to close the drill pit for Myers 10-25 located NWSWNESE 25-32-17E Labette County, KS.

This well has been completed about a week ago but due to the large amount of rain that we received last week I am requesting an extension of time to December 26, 2009.

Hopefully the ground will get dried out enough that we can get the equipment in to pump the water out and get the pit closed.

If you have any questions, contact me at 620-365-3111.

Sincerely,  
COLT ENERGY, INC.
