COUNTY: MEADE

Dear Ms. Denham:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Landon 1 well.

The original 365 days for closure expired October 12, 2009. This extension will expire April 12, 2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

RE: Landon 8 #1 & Comstock 9 #2  
Section 8-31S-30W  
Meade Co., KS

To Whom It May Concern:

Please consider our request for pit closure extension for the Landon 8 #1 and Comstock 9 #2. In both cases, pit area is too wet to backfill at this time due to a large amount of rainfall. The required information for extension for the Comstock 9 #2 can be found on the included KCC form, while the information for the Landon 8 #1 is listed below:

**Landon 8 #1**  
**API: 15-119-21219**  
Date of location inspection by operator/agent: 9-1-2009

Reason for Extension: Pit is too wet to backfill due to large amount of rainfall.

Estimated period of time until pit closure: Four to six months, as soon as area is dry enough to backfill.

Thank you for your assistance. Please contact me if you should require any further information.

Sincerely,

**KEITH F. WALKER OIL & GAS COMPANY, L.L.C.**
