Dear Sir or Madam:

This letter is written to inform you that you have been granted an extension of time in which to close the workover pit associated with the Benjamin Knight lease.

This extension will expire on July 13 2009. I urge you to make every effort to close this pit within this time frame. Extension of this time frame automatically extends the time period for filing the surface pond closure form.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Doug Lewis

Re: Workover Pit Extension Expiration
SEE ATTACHED LETTERS

Dear Sir or Madam:

The extension issued for pit closure expired July 13, 2009. We have not received a Closure of Surface Pit, form CDP-4, for this pit. Please notify this office of pit closure or the purpose for needing an additional extension. In the event an additional extension is requested, an inspection by district staff will be necessary to determine what process might be applied to aid expedient closure of the pit. Failure to file or timely file the pit closure form or request an additional extension, within 14 days of the date of this letter, may result in an administrative penalty.

Conservation division forms are available through our office and on the KCC web site:

Dear Kathy

Southern Star Central Gas Pipeline, Inc. (Southern Star) requests an extension of the CDP-1 applications for surface pit for the wells listed on the Benjamin/Knight lease. FERC rulings and environmental issues required Southern Star to shift the plugging process to 2009.
