COUNTY: RUSSELL
API NO: 15167234280000

Dear Mr. Morris:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Brown 5 well.

The original 365 days for closure expired May 21, 2008. This extension will expire December 14, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Re: Closure of Drilling Pits

Dear Mr. Flaharty:

Pursuant to our telephone conversation earlier today I am writing to request additional time to close the following drilling pits:

<u>Well</u>	<u>API#</u>
Driscoll #4	15167234440000
Brown #5	15167234280000

The drilling fluids have long since dissipated, but unprecedented rainfall has prevented closure. On two occasions I have had rainwater pumped out of each pit and huge rains were received before the pits could be closed. An additional extension of 30 to 60 days would be appreciated.

Sincerely,

Terry E. Morris

RE: NOTICE OF VIOLATION - 82-3-602

CONSERVATION DIVISION
WICHITA, KS

Dear Sir or Madam:

COPY

K.A.R. 82-3-602(a) states that drilling pits shall be closed within a maximum of 365 calendar days after the spud date of a well. Any pit permit may be extended upon written request by the operator and with the approval of the director. Failure to close any pit or to file an extension within the prescribed time limits shall be punishable by a \$250 penalty.

K.A.R. 82-3-602(c) states "Each operator of a pit shall file a pit closure form ... within 30 days after the closure of the pit. Failure to file the pit closure form in accordance with this subsection shall be punishable by a \$100 penalty".

According to our records a Closure of Surface Pit, form CDP-4 (April 2004), has not been filed and is past due for the following well:

Table with 6 columns: API NO., WELL, LOCATION, COUNTY, SPUDDATE, EXTENSION EXPIRATION. Row 1: 15167234280000, BROWN 5, 24-15-12W, RUSSELL, 5/21/2007, 8/31/2008

This requested information must be submitted by October 28, 2008. Failure to submit the requested information by this date may subject Morris, Terry E. to the assessment of the above referenced penalty(s). Conservation division forms are available through our office and on the KCC web site: http://kcc.ks.gov/conservation/forms/

Should you have any questions or concerns please contact Sammy Flaharty at (316) 337-6227.
