RE: LEASE: BITTER 1
LEGAL: 990'FSL-330'FEL 06-16S-13W
COUNTY: BARTON
API NO: 15009250560000

Dear Mr. Baize:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Bitter 1 well.

The original 365 days for closure expired June 5, 2008. This extension will expire August 1, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

CONSERVATION DIVISION
WICHITA, KS

Dear Sir:

Please consider this a request for an additional extension of time in which to close the pits for the referenced well. The area has received heavy precipitation and is still quite wet. We are working to close these pits as quickly as possible. Please give us until August of 2009 to close the pits. Your consideration of this request is greatly appreciated.

Sincerely,

Steve Baize
