API NO: 15007232200000

Dear Mr. Hart:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Jerrod 1 well.

The original 365 days for closure expired October 29, 2008. This extension will expire March 23, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

  
Doug Louis

Application to extend  
Time to close drilling pit

Dear Ms. Rains:

Please extend the time to close the reserve pit on the captioned well. The working pits were closed immediately after drilling. The reserve pit is still has water (rain water) in it after the last series of rains.

I have started "crowding the corners" of the pit. My backhoe has been in the shop, but is back now. I will resume filling the pit and will file the appropriate form when I am finished.

Thank you.

Sincerely,

William G. Hart, member

RE: NOTICE OF VIOLATION - 82-3-602

Dear Sir or Madam:

K.A.R. 82-3-602(a) states that drilling pits shall be closed within a maximum of 365 calendar days after the spud date of a well. Any pit permit may be extended upon written request by the operator and with the approval of the director. Failure to close any pit or to file an extension within the prescribed time limits shall be punishable by a \$250 penalty.

K.A.R. 82-3-602(c) states "Each operator of a pit shall file a pit closure form ... within 30 days after the closure of the pit. Failure to file the pit closure form in accordance with this subsection shall be punishable by a \$100 penalty".

According to our records a Closure of Surface Pit, form CDP-4 (April 2004), or a request for an extension has not been filed and is past due for the following well:

<u>API NO.</u>	<u>WELL</u>	<u>LOCATION</u>	<u>COUNTY</u>	<u>SPUDDATE</u>
15007232200000	JERROD 1	3-31-10W	BARBER	10/29/2007

This requested information must be submitted by **December 19, 2008**. Failure to submit the requested information by this date may subject **Hart Energies, LLC** to the assessment of the above referenced penalty(s). Conservation division forms are available through our office and on the KCC web site: <http://kcc.ks.gov/conservation/forms/>

Should you have any questions or concerns please contact Sammy Flaharty at (316) 337-6227.
