COUNTY: BARTON
API NO: 15009250730000

Dear Mr. Bolding:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Beran 6 well.

The original 365 days for closure expired August 26, 2008. This extension will expire March 12, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis

Dear Mrs. Flaharty:

The deadline for closing of drilling pits on the Beran #6 expired on August 26, 2008 and was extended to November 26, 2008 per letter dated 08/29/08 by Doug Louis.

Recent 5" and 6" rains have made filling of these pits impossible by the November 26 deadline. We personally monitor these pits weekly and will fill them as quickly as possible.

We discussed this situation with you this date by phone and request an additional extension of time for pit closure.

Very truly yours,

Grady Bolding

Hi Sammy,

Guess I overlooked these. Go ahead and give them extensions. Thanks. Case.
