RE: LEASE: THYLAND 1  
LEGAL: 1400'FSL-2510'FEL 05-08S-20W  
COUNTY: ROOKS  
API NO: 15163236470000

Dear Ms. Windholz:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Thyland 1 well.

The original 365 days for closure expired October 11, 2008. This extension will expire February 11, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

  
Doug Louis  
Director

Dear Ms. Rains:

This letter is in response to the pit closure due on the Thyland #1 API number 15163236470000. We are requesting an extension on this closure due to the wet weather and there is still fresh water in the pit.

Please contact us with the length of the extension. If there are any questions, please call our office.

Sincerely,

Melissa Windholz  
Black Diamond Oil, Inc.
