LEASE: OSAGE 100
LEGAL: 760'FNL-2100'FEL 30-33S-14W
COUNTY: BARBER
API NO: 15007225690001

Dear Ms. Clark:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Osage 100 well.

The original 365 days for closure expired February 20, 2007. This extension will expire April 13, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

A handwritten signature in black ink that reads "Doug Louis". The signature is written in a cursive style with a large, prominent "D" and "L".

RE: Pit closure for Osage #100

Dear Ms. Flaharty:

I am writing to request that the pit closure for the Osage No. 100 (^{15007 22569001}~~API 15-007-23227-0000~~) be extended. There is still a small amount of water remaining in this pit, which has prevented it from being closed. We are anticipating this pit being closed by the end of the year.

Please call me at 620.664.9622 if you require additional information.

Sincerely,

A handwritten signature in black ink that reads 'Shaina Clark'.
