COUNTY: MCPHERSON
API NO: 15113213180000

Dear Mr. Krehbiel:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Unruh B4 well.

The original 365 days for closure expired November 9, 2007. This extension will expire April 16, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis

Dear Ms. Rains:

This is in response to Mr. Louis letter regarding the above lease. I am requesting another extension to close the drilling pits on the Unruh B4. The weather has not cooperated; we had more rain and snow than the Wichita area. The pits are not dry enough to close at this time.

I will get the pits closed just as soon as it is dry enough.

If you have any questions, please feel free to contact me.

Sincerely,

Hal G. Krehbiel
