RE: LEASE: BATT 2
LEGAL: 2310'FSL-480'FEL 35-15S-14W
COUNTY: RUSSELL
API NO: 15167234030000

Dear Mr. Popp:

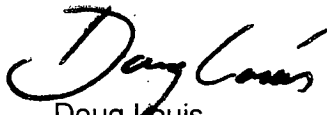

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Batt 2 well.

The original 365 days for closure expired January 9, 2008. This extension will expire September 30, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

RE: Batt #2
Sec 35-15S-14W
Russell County
API 151-67-23,4030000

Dear Sammy

This letter is in regards to our phone conversation about the above well. Sammy, we have everything backfilled & leveled all the location except for a 15'x 15' area in the reserve pit that is still to wet to cover up. We tried to cover it on 7-09-08 but it was just to muddy. We will try to cover it as soon as possible Sammy but it may take another 2 months.

Thank you

Rickey Popp
