RE: LEASE: LABARGE 1-20  
LEGAL: 1420'FSL-1330'FWL 20-07S-20W  
COUNTY: ROOKS  
API NO: 15163235980000

Dear Mr. Noone:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the LaBarge 1-20 well.

The original 365 days for closure expired March 23, 2008. This extension will expire September 1, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis  
Director

RE: Extension for Pit Closure

To Whom It May Concern:

I am writing in regards to the status of pit closure for Baird Oil Company's LaBarge 1-20 well located in Section 20-7S-20W, Rooks County; API # 15-163-23598-0000. At this time the pits are 95% closed but rainwater has made it difficult to complete.

I spoke with Sammy Flaharty and she informed me to ask for an additional extension. I would like to ask for another 30 days to get these pits closed.

Thanks for all your cooperation and assistance in this matter. If you have any questions, please feel free to contact us at 785-689-7456.

Best wishes,

Andrew C. Noone
