API NO: 15007231570000

Dear Ms. Zehr:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Bartholow 4 well.

The original 365 days for closure expired June 8, 2008. This extension will expire February 12, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis

Dear Ms. Rains:

Oil Producers Inc. of Kansas is requesting 190 day extension for the pit closure on the above referenced well. With the recent rain the pits are not drying up. We have hauled off all free water. If you should have any question please call the office at the number below. Thank you for your consideration.

Sincerely
