Re: Haul-Off Pit Extension  
Kanopolis Federal Lease Well No. 2-28  
Sec. 27-16S-07W  
Ellsworth County, Kansas  
Permit No. 15-053-21184-00-00

Dear Sir or Madam:

This letter is written to inform you that you have been granted an additional extension of time in which to close the haul off pit associated with the Kanopolis Federal lease.

This extension will expire on July 31, 2008. I urge you to make every effort to close this pit within this time frame. Extension of this time frame automatically extends the time period for filing the surface pond closure form.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

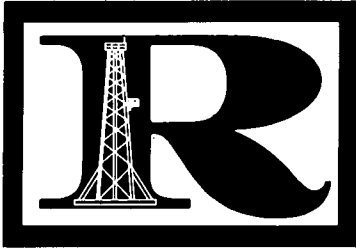

A handwritten signature in black ink that reads "Doug Louis". The signature is written in a cursive style with a large initial "D".

Re: Work-over Pit Extension Expiration  
Kanopolis Federal 2-28 Lease  
Sec 27-16-7W  
Ellsworth County, KS  
Permit No. 1505321184 · ∞ - ∞

Dear Ms. Haynes,

I am in receipt of your letter dated April 1, 2008 notifying us that you had not received a Closure of Surface Pit, Form CDP-4, for the pit referenced above.

We have been in the process of closing the pit for some time now, but have had a moisture problem. When the water recedes, we fill the pit with soil until the water is at the brim again. We can't fill it over the brim as this will displace the water. With the recent rains, the problem persists.

We respectfully request an additional extension until July 31, 2008 to complete the closure of this pit. Hopefully with the heat of the summer months, the pit will dry up enough to complete the closure.

Thank you,

  
Becky Middleton

Re: Closure of Haul-Off Pit  
Kanopolis Federal 2-28 Lease  
Sec. 27-16S-07W  
Ellsworth County, Kansas  
API No. 15-053-21184-00-00

Dear Ms. Haynes,

This letter is a follow up to our conversation this morning regarding the above referenced Haul-Off Pit.

Every effort is being made to fill the pit. The pit is still holding water. We have filled it 2/3 full, but that is all the farther we can fill without spilling water out.

The rains have prevented us from completing this task completely. As soon as the water recedes, we will fill the remaining 1/3 of the pit.

Thank you for your patience on this matter.

Sincerely,

  
Becky Middleton
