RE: LEASE: JEANETTE 1-13
LEGAL: 1920'FSL-2238'FEL 13-31S-01W
COUNTY: SUMNER
API NO: 15191225190000

Dear Ms. Wooten:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Jeanette 1-13 well.

The original 365 days for closure expired October 18, 2008. This extension will expire September 16, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

KCC WICHITA

Dear Ms. Rains:

This letter is in response to your letter dated 3/10/09 regarding the above listed well. We are aware that this surface pond remains open. I spoke with our Field Superintendent, Thad Starr, and he is aware of the situation and has been monitoring the location. The pit has been crowded, but the soil is composed of clay and is still holding water. Sumner County also received 2 inches of rain recently, so this will contribute to the problem.

We would like to request an extension for closing this surface pond. We will continue to monitor the condition of the area and close the surface pond as soon as possible.

Thank you for your help and understanding.

Sincerely,

Mindy Wooten
Production Manager
