RE:

Janke #1 well - API: 15-165-21625

SE1/4 of Section 33-T18S-R20W

Rush County, Kansas

Dear Sirs:

Enclosed with this letter is Form CP-1. Well Plugging Application. I have talked to the people in the KCC District 1 office about the plan to plug the Janke #1 well. T hey asked me to send the form to the KCC office in Wichita. I have lined up Express Well Service to plug the Janke #1 well at their convenience.

Please review the Application and let me know if you have any questions.

Sincerely,

Mid-Continent Energy Corporation

Jack N. Buehler

API 15-165-21625-00-00

33-18S-20W, 3630 FSL 990 FEL RUSH COUNTY, KANSAS

Dear Operator:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

This notice is void after October 18, 2010. The CP-1 filing does not bring the above well into compliance with K.A.R. 82-3-111 with regard to the Commission's temporary abandonment requirements.

Sincerely

Steve Bond
