Dear Ms. Taylor:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Mooney Et Al 2-5 well.

The original 365 days for closure expired November 18, 2007. This extension will expire August 31, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Sammy, I'd heard that they got more rain up there again so ya, they'll need more time now. Oh, by the way, in the June 17 rural messenger flyer-newspaper there was a picture supplied by former Reno cty sheriff of a cat---with the question beside it of, IS it a bobcat or mountain lion? It said comments will be printed next week. It looked bigger than a bobcat to me, so it'll be interesting to read comments made about it next week. Virgil

Hi Virgil, I bet you thought you'd seen the last of me for a while. Well, I just got another request for an additional pit extension. It is as follows:

Samuel Gary Jr. & Associates Inc.
Mooney Et Al 2-5
910'FSL-1150'FWL 05-19S-10W
Rice County
15159225130000
Spud 11/18/06 pit extension expired 6/6/09

That's all I've got for you for the moment. With a little luck there will be no more. Have a good day and watch those thunderstorms predicted for tonight.

RE: CDP-4 Extensions

Dear Jonelle,

This letter is in regards to reserve pit closures that are under Samuel Gary Jr. & Associates, Inc. Unfortunately due to rain and snow storms over the past several months, we have been unable to dry out and close reserve pits by their due dates. Our field workers are making every effort to close these reserve pits as soon as possible, and it does appear that they are slowly drying, but we will need more time to close these pits and file a CDP-4. Therefore, we hereby request another extension to close & file CDP-4's for the following wells:

Mooney Et Al #2-5

#15-159-22513-0000

If there are any questions, or if you need any additional information, please contact Tom Fertal at the telephone number shown on the letterhead.

Sincerely,

SAMUEL GARY JR. & ASSOCIATES, INC.
