Re: Workover Pit Extension  
Schroeder Lease Well No. 2  
Sec. 22-19S-01E  
Marion County, Kansas  
Permit No. 15-115-30007 - 00 - 00

Dear Sir or Madam:

This letter is written to inform you that you have been granted an extension of time in which to close the workover pit associated with the Schroeder lease.

This extension will expire on September 11, 2009. I urge you to make every effort to close this pit within this time frame. Extension of this time frame automatically extends the time period for filing the surface pond closure form.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

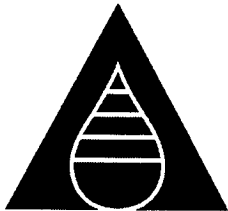

Sincerely,

Doug Louis  
Director

RE: Closure of Surface Ponds -  
Schroeder - 15-115-30007 - 00-00  
Lohrentz B - 15-079-20284  
R. Graber - 15-079-20405  
Severtson #1 - API #15-113-05425

To Whom It May Concern:

I received your notices regarding the Surface Pond Closure on the above referenced wells. Please find enclosed the Closure of Surface Pond form CDP-4 on the Lohrentz B1. This pond was closed March 26, 2009 and the form was sent to the KCC at that time. The R. Graber and the Lohrentz B pits were never dug. The Plugging Applications were filed, along with the Surface Pond Applications for these wells. But, the wells are still waiting to be plugged, therefore, the pits were never dug. **The Schroeder surface pond is still open. We would like to request an extension for this closure.** Due to the wet surface conditions, we have been unable to close the pond.

Thank you for your help and consideration in these matters.

Sincerely,

*Mindy Wooten*
