RE: LEASE: SHAFFER A 1
LEGAL: 1640'FSL-1000'FEL 36-13S-13W
COUNTY: RUSSELL
API NO: 15167234860000

Dear Ms. Schulte:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Shaffer A 1 well.

The original 365 days for closure expired February 16, 2009. This extension will expire December 17, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

Number of pages in this FAX including cover sheet 1

NOTE:

We would greatly appreciate receiving a 2nd extension to close the drilling pits at our **Shaffer "A" #1** well (15-167-23,486) in Russell County. Fluid was hauled from the pit on 4-6-09; and I filed Form CDP-5 on 5-6-09.

Fleenor Dirt Construction was making every effort to have the pits closed by the extension deadline, but rain during the past week has prevented them from doing so. If they attempted to backfill the pits now they would just make matters worse by pushing mud into the holes.

Marge Schulte
