RE: LEASE: WEILAND UNIT 4-16
LEGAL: 3605'FSL-1074'FEL 01-13S-16W
COUNTY: ELLIS
API NO: 15051255280000

Dear Ms. Lisenbe:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Weiland Unit 4 -16 well.

The original 365 days for closure expired September 5, 2007. This extension will expire December 17, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis

Dear Ms Rains:

Per rule K. A. R. 82-3-602(a), Citation is requesting an extension until December 30, 2009 to close the drilling pit at the Wieland Unit 4-16 well location. The current extension will expire on June 23, 2008.

The pit location for the Wieland Unit 4-16 lies in a bottom topographical area. With an abundance of rain in August of this year this pit area is not drying up fast enough to backfill. Mr. Marvin Mills, KCC inspector has been at this location and is aware of the problem we are having.

If you require additional information to process our request, please contact the undersigned, at 281-891-1565. Thank you.

Sincerely,
