LEGAL: 1060'FSL-1910'FEL 07-17S-10W
COUNTY: ELLSWORTH
API NO: 15053211960000

Dear Mr. Petermann:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Petermann 7-1 well.

The original 365 days for closure expired December 13, 2007. This extension will expire August 31, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

Sammy, It has rained up in this area, so yes they'll need more time on this LB Exploration--Peterman 7-1. We've sure been in a rainy trend here lately, but that's only common beings how harvest is almost upon us. Then when the state fair comes around, it'll start raining again then too. Ya, I like my job better than before--there was too much driving for me when I worked downtown. Glad I didn't have to do that too long. Have you planted any garden, Sammy?? There's nothing like fresh tomatoes or whatever it is, it's always good. Take care, Sammy. See ya, Virgil

Well, Virgil, have you washed away yet? We've had some pretty good rain out at Garden Plain. It sure keeps the grass growing. I just wish I had the money I've put in gas to mow the yard. I keep telling Richard we need to fence in the entire yard and let Will run over the whole thing. He sure keeps the grass down on his two acres. Plus we have to give him hay. It might save on the hay bill as well as the gas. Oh well, so much for country living.

Well, I've got a pit for you that I just received a request for an extension one. it is as follows.

L B Exploration
Petermann 7-1

Spud 12/13/06 pit extension expired 6/10/09

Well, that's it for now. Take care and have a good day out there roaming those hills and prairies. I really do envy you. I'm sure you enjoy your job now a lot more than you did when you were a desk jockey.

Sammy

Dear Ms. Rains,

LB Exploration is requesting an extension to close the drilling pits associated with this well as they are in a location that is too wet and is surrounded by growing wheat. We would appreciate an extension until August 31, 2009 to close these pits.

Best regards,

Michael Petermann, President
