Dear Ms. Davis:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Burkholder 1-28 well.

The original 365 days for closure expired August 17, 2008. This extension will expire October 9, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

  
Doug Louis  
Director

RE: Extension for Closure of Pit

- Burkholder 1-28
- API #015-077-21,58790001
- Harper County, KS

To Whom It May Concern,

I visited with our pumper this morning on the above-referenced well. He informed me that the pit(s) has been worked on; however, due to current rains in the area there is water standing in the pit(s). The pit(s) was supposed to be closed by July 9, 2009.

I am requesting at this time for a 3 months extension of time (until 10-9-09) to close the above-referenced pit(s). If you would have a question, please contact me at 620-275-2963.

Sincerely,

Nancy E. Davis  
Compliance Coordinator
