Re: Closure of Drilling Pits
HORTON-MCCLASKEY Lease Well No. 1
NWSENE 9-35S-2E
SUMNER County, Kansas
API No. 15191225160000

Dear Sirs:

The above referenced well was spudded on 10/5/2007. According to K.A.R. 82-3-602, "Drilling pits ... shall be closed within a maximum of 365 calendar days after the spud date of a well". The subject drilling pits must be closed by 10/4/2008. A Closure of Surface Pit, form CDP-4 (April 2004), should be filed within 30 days after the drilling pits are closed. **Conservation division forms are available through our office and on the KCC web site: <http://kcc.ks.gov/conservation/forms/>**

Should an extension be warranted, it must be received by 10/4/2008. **TO FILE FOR AN EXTENSION, PLEASE SEND A COPY OF THIS LETTER WITH THE FOLLOWING INFORMATION COMPLETED:**

Date of location inspection by operator/agent: Last inspection 10-1-08

Reason for extension: Continuous rains have filled pit. Some dirt has been moved but pit still not closed.

Estimated period of time until pit closure: 9 months. Will close as soon as possible. See attached letter.

Failure to timely close the pit, file a request for an extension or file the closure form within the allotted time periods may result in assessment of an administrative penalty.

Your cooperation in this process is appreciated. If you have any questions or concerns, please call **Sammy Flaharty** at (316) 337-6227.

RE: Pit Closure
Horton-McClaskey #1
Sec. 9-35S-2E
Sumner County, KS

Dear Mr. Van Gieson,

Sentinel drilled the Horton-McClaskey #1 in October 2007. We have had a dozer work on closing the related drilling pit several times but due to so much rain over the last number of months, we have been unable to complete the pit closing.

Therefore, Sentinel herewith requests a nine (9) month extension of time to close the pit so that the ground can be allowed to dry out enough to let us get the job done. I have enclosed a copy of this letter and a stamped envelope for your convenience in replying. Thank you.

Yours truly,

Suzanne M. Rogers
Geologist/Operations Manager
