RE: LEASE: DILLER TONY 1-32 1-32
LEGAL: 2280'FSL-360'FWL 32-26S-14E
COUNTY: WOODSON
API NO: 15207272490000

Dear Ms. Shaffer:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Diller Tony 1-32 1-32 well.

The original 365 days for closure expired October 2, 2008. This extension will expire January 2, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

This letter is in regards to the drill pit for the:

Diller, Tony Lease No. #1-32
NWNWSW, S32-T26S-R14E
WOODSON County, Kansas
API: 15-207-27249-0000

Date of location inspection by operator/agent: 9/12/08

Reason for extension: Bad weather causing muddy conditions; we do not want to rut up landowner property.

Estimated period of time until pit closure: Within 90 Days

We would like to get a pit closure extension for this well. If you have any questions, let me know.

Sincerely,

Julie Shaffer
Petroleum Geologist
